

INTERNAL NOTICE 4:2013

DOMESTIC REFUSE MANAGEMENT

GAMHOA MANAGEMENT WANTS TO THANK ALL RESIDENTS WHO PARTICIPATE IN THE RECYCLING PROGRAM BY SEGREGATING THEIR WASTE IN ORDER TO MAKE A POSITIVE CONTRIBUTION TOWARDS A GREEN ENVIRONMENT.

We have changed our refuse bags from Black bags to Clear bags in order for our workforce to identify the contents. It is thus to easy see if the bag contains glass, tins, re-usable paper materials, plastic Bottles etc. to speed up the waste management process and sorting of waste.

This will contribute in handling the refuse more effectively and speed up the entire operation at our Tip Site.

Gamhoa Management urges all residents to start separate your waste into four categories.

- 1. Tins and Glass – To be collected Bi- weekly - every 2nd and 4th Monday**
- 2. Paper – To be collected Bi-weekly - every 2nd and 4th Monday**
- 3. Plastic bottles- To be collected Bi-weekly - every 2nd and 4th Monday**
- 4. Other non recyclable items – To be collected as usual 1 x per week**

The matter of recycling and the implementation thereof was requested by the Residents during the General meeting in August 2013 and once again raised during the most resent AGM.

We all do have a responsibility to contribute to the environment and the future of our Mother earth

Please contribute in the program

The only winners in this matter are all of us and our children.

Kind regards

GAMHOA Management
